**Where am I insured?**

✓ Insurance coverage is valid worldwide

**What obligations do I have?**

- You must answer all questions in the application form truthfully and completely.
- Any changes in the circumstances you provided to us at the start of the contract may necessitate adjustments to the insurance policy. You must inform us whether any changes to these circumstances have occurred compared to your original information in the insurance application.
- In the event of an insurance claim, you have certain obligations to fulfill. Among other things, you must promptly report any claim to us and take necessary measures to prevent and mitigate the damage. Please note that you must provide us with the necessary documentation to support your claim and hold your opponent liable in writing in the event of a collision. In cases of fire, explosion, burglary, theft, or robbery, you must also report the claim to the relevant police station.

**When does coverage begin and end?**

The start date of the insurance is specified in the insurance policy. The condition is that you have paid the first insurance premium in a timely and complete manner. You can purchase the insurance for a duration of one year and it is valid for the initially agreed-upon period. Unless otherwise agreed, it will automatically renew for one additional year, unless either you or we terminate the contract.

**How can I terminate the contract?**

You or we can terminate the contract at the end of the agreed-upon period (this must happen at least three months in advance). Additionally, you or we can terminate the contract prematurely. For example, this is possible after the occurrence of an insurance claim. In that case, the insurance ends before the agreed-upon period expires.
